

## REQUEST FOR EXPRESSION OF INTEREST CLARIFICATIONS

---

### 1.0 Introduction

On April 21, 2010, the Electronics Stewardship Association of British Columbia (ESABC) issued a Request for Expression of Interest for Environmental Auditing Services of Electronics Reuse and Refurbishing Organizations. This document provides clarifications to questions raised in relation to the REOI.

### 2.0 Clarifications

- 2.1. Responses to the REOI are due by 11:59 p.m. (PDT) Friday, May 21, 2010.
- 2.2. Responses may be sent in Word or PDF format to the following email address: [sean@estewardship.ca](mailto:sean@estewardship.ca).
- 2.3. There is no set budget or audit time for the reuse assessments. It is expected that the auditor will outline a plan for conducting the audits and provide a budget assessment for the work involved.
- 2.4. ESABC seeks qualified auditors to conduct audits of reuse organizations according to requirements of the ERRP.
- 2.5. Qualified selected respondents to the REOI will be added to the list of ESABC approved Reuse auditors.
- 2.6. Reuse organizations seeking to be recognized by the ESABC program will select an approved auditor to conduct the audit and assessment, arrange the audit with the selected auditor and will be responsible for all costs associated with the audit.
- 2.7. Reuse audits will be conducted on an as-needed basis, when a reuse organization applies to ESABC.
